

2011 SCHOOL FEES

This year School Fees have been increased and the previous Levies have remained unchanged. An overall increase of 5% has been achieved. This continues our usual practice of alternating between fee and levy increases every second year. A new National Steiner Levy of \$50 per family has been added **in Term 1 only** from Transition to Class 6 to cover the extra costs of school membership of *Steiner Education Australia* (\$75 per student) and to support their important work of establishing a specific Steiner Curriculum within the new National Curriculum. This curriculum work is essential in ensuring a future for Steiner Education in Australia.
